

## INTRO

### VS1

When I was lost in my sin I remember well  
That night when The Lord saved my soul from Hell  
And I thank God everyday for His grace on me  
Cause I'm washed, I'm redeemed and I've been set free--

### CH1

And I thank The Lord for the glorious night  
When the blessed Holy Ghost led me to the light  
At the alter where I prayed  
Jesus washed my sins away  
And oh how sweet is the sound  
I once was lost but now I'm found  
God's amazing grace still amazed me--

### VS2

Now there's been times I've walked away from the Lord  
My sins grew many my heart grew cold  
Fellowship was broken; I felt so all alone  
But it didn't matter how far that I'd gone  
God was still faithful and I came back home  
My sins were forgiven and His grace to me was shown---

### VS3

Now I stand here before you tonight  
Rejoicing 'cause everything's alright  
Cause in my heart I know that I am saved  
Oh and how I long to do God's will  
Yes I know I fail Him still  
But I'm so glad that His grace never will--

### CH2

And I thank The Lord for the glorious night  
When the blessed Holy Ghost led me to the light  
At the alter where I prayed Jesus washed my sins away  
And oh how sweet is the sound I once was lost but now I'm found  
God's amazing grace still amazed me
