VS1

Blind Barnamais stood by the way -side begging

He cried out to Jesus for he knew

The chance he was taking ...

The crowd said be quiet don't bother him now

But the more they pressed him, the louder he'd shout

Thou son of David have mercy on me,

And to -day I believe he can see

CH1

He... is more than enough

To make the blind man to see...

He's more than enough, to guide you and me

He's more than enough to turn the water into wine

He's more than enough he feeds a family like mine

He's more than enough to heal all disease

He's more than enough to wash the sin out of me

If he can raise up the dead and give new life

Then Jesus He's more than enough...

VS2

The man said to Jesus, my daughter is dying at home

Then another man said, she's dead,

Leave the master alone..

When he heard what was said his heart was greived

He said be not afraid but only believe

then he spoke to that child, I say unto thee

Arise and I believe she came alive
