VS1

High upon a mountain on transfiguration

An angel of the Lord declared that it would be

He said don't stand here grieving

For the one that you see leaving

In like manner's coming back

For you and me...

CH

And I believe

He's coming back like He said

I believe that a trumpets gonna sound so loud

One day it'll wake the dead

In the twinkling of an eye

He'll split the eastern sky

And I believe He's coming back

Like He said...

VS2

I believe the time is nearing

That we'll soon see His appearing

This could be the hour oh this could be the day

When the Saints from every nation

Will lose their gravitation

In the middle of the air

Be called away...

CH

And I believe

He's coming back like He said

I believe that a trumpets gonna sound so loud

One day it'll wake the dead
In the twinkling of an eye
He'll split the eastern sky
And I believe He's coming back
Like He said...

TAG

In the twinkling of an eye
He'll split the eastern sky
And I believe He's coming back
Like He said...
