VS1

There are so many battles around us
Passing on every side
Sometimes God calls us to stand still
And sometimes He calls us to fight

VS2

So I'll hold to the promise He's with us
Even in moments like this
Oh and I'm marching out as a soldier
With a song of praise on my lips

CH1

I'm Gonna sing
Gonna lift up His name
My weapon of worship
Is my song of praise
No matter how long
Or how hard the climb
If the victory's all ready been won
I Know It's Mine

VS2

So I'll put on the armor He gave me
Knowing It's all that I need
Oh and fighting alongside an army
This will not end in defeat

CH2

I'm Gonna sing

Gonna lift up His name
My weapon of worship
Is my song of praise
No matter how long
Or how hard the climb
If the victory's all ready been won
I Know It's Mine
I know It's Mine

Bridge
With faith as my shield
And His word as my sword
The battle belong's to the Lord

CH2
I'm Gonna sing
Gonna lift up His name
My weapon of worship
Is my song of praise
No matter how long
Or how hard the climb
If the victory's all ready been won
I Know It's Mine
I know It's Mine

TAG
I Know It's Mine
I know It's Mine
I Know It's Mine
