

It's Been Worth Every Mile

Key of

VS1

There's been many trials I've faced, since I started this race.

There's been times it seems, no help was in sight.

There's been times that the valley seem so long, dark and cold.

But my LORD has been there every step of the way.

CH

It's been worth every mile

It's been worth every trial

It's been worth every valley that we've crossed

It's been worth everything that we've faced in His dear name

And it'll be worth it all when we see His face.

VS2

There's been many friends I've met, since I started on this way

Who have said, I'll go with you all the way.

They have turn and then they're gone, left me standing all alone.

But my LORD has been my friend all of the way.

VS3

There've been man-y prayers I've prayed, and it seems He did not hear.

Man-y times it seemed an an-swer would ne-ver come.

Ma-ny times I've grown wea-ry and for- got the prayers I've prayed

But my Lord re-mem-bers and an-swern ev-ry prayer.
