In the key of

Intro

VS1

Well I've never tasted champagne I've never fit with the popular crowd

And I've been told by some around me

This world is fun and I've missed out

I haven't spent my life chasing a fortune I never walked the halls of fame

I don't have a fancy education to put a title by my name

Chorus1

I've been to Calvary I've met the one who gave His life for me

I'm forgiven and I've been set free from this world of misery

I've been to Calvary

VS2

My Lord is such a sweet companion He meets with me in times of prayer

When the storms steers my direction

A still small voice tells me He's there

I have joy when they say I shouldn't

And I have peace when it doesn't make sense

I've been content when I have nothing

Persevere when I lost all strength

Chorus2

I've been to Calvary I've met the one who gave His life for me

I'm forgiven and I've been set free

From this world of misery

Chorus3

I've been to Calvary I've met the one who gave His life for me

I'm forgiven and I've been set free

From this world of misery

Chorus4

I've been to Calvary I've met the one who gave His life for me

I'm forgiven and I've been set free from this world of misery

I've been to Calvary
