

Man in the Middle

Verse 1

There was a mountain and there were three trees

There was a good man and there were two thieves

A man called Barabas was doomed for the tree

But Jesus took the middle one and Barabas went free

Chorus

I love that cause I know he first loved me

Praise to that man who died on Mount Calvary

The middle man made it possible that I might go free

Verse 2

A hill called Golgotha the place of a skull

No yellow flowers, no trees in bloom the scenery was so dull

Three crosses stood black and bold against a darkened sky

And not from pain but a broken heart that middle man died
