

More Than Enough

Key of

Blind Barnamais stood by the wayside begging
He cried out to Jesus for he knew the chance he was taking
The crowd said be quiet don't bother him now
But the more they pressed him, the louder he'd shout
Thou son of David have mercy on me, and today I believe he can see
He is more than enough to make the blind man to see
He's more than enough, to guide you and me
He's more than enough to turn the water into wine
He's more than enough he feeds a family like mine
He's more than enough to heal all disease
He's more than enough to wash the sin out of me
If he can raise up the dead and give new life
Then Jesus He's more than enough
He said to the Lord, my daughter is dying at home
Then another man said, she's dead, leave the master alone
When he heard what was said his heart was greived
He said be not afraid but only believe
Then he spoke to that child, I say unto thee
Arise and I believe she came alive
