V1

The world don't understand

Why we celebrate this day

They wonder why we worship

Every time we speak His name

When we sing come all ye faithful,

Let us adore the King

We are looking past the stable

To a hill called Calvary...

CH1

That's why we adore Him...

That's why we give Him praise

We have been saved

By His mercy and grace

That's why we give glory

And honor to His name

The world sees a baby

In a manger filled with hay

But we see a Savior

Who washed our sins away

That's why we praise Him,

That's why we love Him

That's why we adore Him...

V2

The night that He arrived

There was no room in the inn

He was truly despised

And rejected of men

To most of the world
It was an ordinary night
Oh but from that humble manger
We can hear salvation's cry...

CH2

That's why we adore Him...
That's why we give Him praise
We have been saved
By His mercy and grace
That's why we give glory
And honor to His name
The world sees a baby
In a manger filled with hay
But we see a Savior
Who washed our sins away
That's why we praise Him,
That's why we love Him
That's why we adore Him...

BRIDGE

Oh come let us adore Him,
Oh come let us adore Him,
Oh come let us adore Him...
Christ the Lord...
