

Intro

VS1

Out on the water storms raging high
The waters around them, they were troubled that night
Fear filled their hearts they felt they would die
They failed to remember that the Master was nigh
Then He spoke the words and winds all stood still
Even the waters they obeyed his will,
Then He calmed their storm just like he will mine,
If I just remember He lives deep inside.

CHORUS

So why should I worry, why should I fear
When the very same Jesus He is always so near
He lives in my heart and He hears when I cry
I'll call on His name 'til the storm passes by

VS2

We read in the Bible when he walked with them
Brought light to the darkness when the way grew so dim
How great it would be to have his footsteps in mine
And to walk with the Master all of the time
And when trials come and death seems so nigh
I'll call on the Master I know He'll get there on time,
And when sickness comes and my body's in pain
All I have to do is call on His name.

CHORUS

So why should I worry, why should I fear
When the very same Jesus He is always so near
He lives in my heart and He hears when I cry
I'll call on His name 'til the storm passes by

CHORUS

So why should I worry, why should I fear
When the very same Jesus He is always so near
He lives in my heart and He hears when I cry
I'll call on His name 'til the storm passes by

TAG
